To Whom It May Concern,

We are writing this letter to wholeheartedly recommend Ms. Kamilia Dudek and her dedicated team at Symposium Cracoviense in relation to the 41st EPOS Annual Meeting held in Krakow, Poland. As a collaborative force, we have had the distinct privilege of partnering with Ms. Dudek and her team, and we are confident in their exceptional ability to execute the responsibilities outlined for the event.

Throughout our collaboration, Ms. Kamilia Dudek and her team have consistently demonstrated an unparalleled level of professionalism, expertise, and commitment in the field of event management and coordination. Their meticulous attention to detail, strategic organizational skills, and proactive approach have played a pivotal role in the successful execution of the 41st EPOS Annual Meeting.

The Symposium Cracoviense team's proficiency in financial management, venue selection and negotiation, vendor coordination, sponsorship acquisition, exhibition management, and logistical planning has been evident at every stage of event preparation. They have seamlessly managed registrations, provided comprehensive attendee services, and ensured the flawless execution of the scientific program and social activities.

One of the most remarkable achievements of Ms. Dudek and her team has been their exceptional oversight of the 41st EPOS Annual Meeting, which hosted over 800 participants. With precision and dedication, they orchestrated a multidimensional event that catered to the diverse needs of attendees, exhibitors, sponsors, and speakers. The Symposium Cracoviense team's ability to handle the myriad challenges of event planning, such as coordinating complex schedules, providing top-tier audiovisual support, managing on-site logistics, and handling post-event evaluations, has consistently exceeded expectations.

We have been consistently impressed by Ms. Kamilia Dudek's and her team's professionalism, work ethic, and seamless collaboration with all stakeholders. Their open and effective communication, willingness to adapt to
